reach financial security. Our Self Sufficiency program offers long term case management through Project Independence and Hand Up. Project Independence assists parents at, or below, 125% of the federal poverty level in securing a degree in higher education. Hand Up works with families who might not meet the financial guidelines of Project Independence, or those with a short term barrier such as job loss or insecure housing. As part of combining resources, we work closely with other agencies for both referral of services, and combining services to better serve an individual's needs.

www.waterforgood.org

Water for Good provides access to clean water, demonstrates God's love, and makes a lasting improvement in people's lives in one of the world's most neglected countries, the Central African Republic (CAR).

In our first 10 years our teams have drilled 549 new wells. And the new wells are just the beginning! We stay engaged with communities over the long-term. Real transformation happens when the water keeps flowing, year after year. So, our teams not only drill new wells, but provide regular well maintenance visits to keep the water flowing—for good. Through these visits, we build relationships with communities and work with them to initiate projects in agriculture that will make the community more prosperous and empowered over the long-term.

In all of our efforts, Water for Good empowers a local staff of 100 skilled and dedicated Central Africans to complete all the projects with the support of 10 US/International staff.

Mission Statement : Water for Good works collaboratively, in long-term partnership, with communities in Central Africa, empowering people with sustainable access to clean water, transformational sanitation principles, and improved agricultural resources.

CHILD SPONSORSHIP

2nd Mile Missions

PO Box 733, Winona Lake, IN 46590
574-527-1140

www.2ndmilemissions.org

Vision Statement: Our vision is to break the cycle of poverty by providing resources that will lead a child into a relationship with Jesus Christ and offer hope for a healthy, independent life.

Mission Statement: 2nd Mile Missions provides a four phase child development program that describes our commitment to the children we serve. We desire to provide education, medical assistance, leadership development and spiritual enrichment.

2nd Mile Missions is a ministry focused on providing educational, spiritual and nutritional enrichment for children in the Dominican Republic. Founded in 2005, the ministry is partnered with a local church in Bavaro, a large but very poor

community outside the gates of the beautiful beaches and resorts of Punta Cana. The town is made up of underprivileged Dominicans and Haitians seeking employment in the resort development areas. Pastor Pascual Borrell and his church, Church of God for the Nations have a passion to reach the lost and provide hope for the searching. 2nd Mile Missions has worked alongside the church to provide a preschool, elementary and high school for over 500 children in poverty. A trade school is also available for students wanting to learn a specific skill for future employment. A sponsorship program helps unite individuals from the U.S. with a specific child in the school. Sponsorship provides this child with education, a hot meal every day and school supplies. 2nd Mile Missions has also provided two school buses and is currently building a safe house for children who are abused, neglected or abandoned. Our goal in 2nd Mile Missions is to continue providing opportunities for children to grow spiritually and academically so

we can help them break the cycle of poverty in their world.

Destiny Rescue USA

10147 N. SR 13

Syracuse, IN 46567

574-457-2470

www.destinyrescue.org

Destiny Rescue is an internationally recognized, Christian based, non-profit organization dedicated to rescuing children from human trafficking and sexual exploitation. We help rescue the sexually exploited and enslaved, restore the abused, protect the vulnerable, empower the poor and are a voice for those that can't speak up for themselves.

We currently operate our various programs in six nations:

Thailand, Cambodia, Laos, Myanmar (Burma), India and

Mozambique. We also have offices in two donor nations: United States and Australia.

Our efforts are making a huge difference, too. We've rescued

hundreds of children enslaved around the world, helped keep hundreds more from entering the sex-trade through our various prevention programs, ensured justice for those that have been wronged and have raised awareness to untold numbers. And, we'll continue to expand to help reach even more children in the days ahead!

Destiny Rescue realizes that human trafficking is a big problem globally with up to 27 million men, women and children enslaved in its deadly grip today. With that said, we're determined to respond to God's call to set captives free worldwide. As long as children are being sold into the sex-trade, and poverty that drives at-risk children into prostitution exists, Destiny Rescue will be fully committed to fighting for their freedom, restoration and offering them a chance to dream again.

World Compassion Network

www.w-c-n.org

Joe and Lynn Wilkey founded World
Compassion Network (WCN) in

January of 2002 to mobilize and assist the local church or ministry
in responding to the needs of disaster victims and the poor,
demonstrating the grace and mercy of God to a suffering world.

WCN understands that those who suffer as a result of poverty,
natural disaster and war are in need of God's love more than ever.
God's own character is one of compassion. Wherever there is
human suffering, God is already there in the midst of the trouble
waiting for us to join Him in bringing relief and love. One result of
showing compassion has been thousands of victims of disaster
and poverty coming to know Christ.

We want to see people become fully devoted followers of Christ
through "Compassion Ministry". Not only do we work through
local ministries during disasters, but we also offer mission trips
through our Family 2 Family program and compassion projects to
benefit local organizations that help fight poverty locally.

kairosindiana.org

The mission of the Kairos Prison Ministry is to share the transforming love and forgiveness of Jesus Christ to impact the hearts and lives of incarcerated men,

women and youth, as well as their families, to become loving and productive citizens of their communities. Kairos Prison Ministry is modeled after the Cursillo Movement, The Great Banquet and Walk to Emmaus. The local Kairos Team consists of 40 volunteers from N. Indiana and S. Michigan, 8 of which are here in Kosciusko County. We serve at the Indiana State Prison in Michigan City. The team enters into the Prison twice a year to serve 36 guests. The 3 day weekend is a life changing experience for all of us.

We return to the Prison monthly for a Kairos alumni reunion held in the Chapel. Over 700 inmates at ISP have been served. Population at ISP is 2,200 today. Our goal is to serve all those who want to receive the Kairos Experience which is now a long waiting list. As a result of the Kairos experience there are now small group Bible Studies and prayer groups inside the Prison. The State of Indiana has fully supported the Kairos program in all 13 state institutions. The rate of offenders re-entering prison has been reduced as a result of Kairos inside the prisons. Kairos of Indiana - 'Kairos Torch' serves with the incarcerated youth. We also serve on the outside of prison the wives, mothers, girlfriends and children. 'Kairos Outside.' These are similar programs to the Kairos Inside. Kairos of Indiana welcomes your prayers.

Vision Statement: Our vision is to break the cycle of poverty by providing resources that will lead a child into a relationship with Jesus Christ and offer hope for a healthy, independent life.

Mission Statement: 2nd Mile Missions provides a four phase child development program that describes our commitment to the children we serve. We desire to provide education, medical assistance, leadership development and spiritual enrichment.

2nd Mile Missions is a ministry focused on providing educational, spiritual and nutritional enrichment for children in the Dominican Republic. Founded in 2005, the ministry is partnered with a local church in Bavaro, a large but very poor community outside the gates of the beautiful beaches and resorts of Punta Cana. The town is made up of underprivileged Dominicans and Haitians seeking employment in the resort development areas. Pastor Pascual Borrell and his church, Church of God for the Nations have a passion to reach the lost and provide hope for the searching. 2nd Mile Missions has worked alongside the church to provide a preschool, elementary and high school for over 500 children in poverty. A trade school is also available for students wanting to learn a specific skill for future employment. A sponsorship program helps unite individuals from the U.S. with a specific child in the school. Sponsorship provides this child with education, a hot meal every day and school supplies. 2nd Mile Missions has also provided two school buses and is currently building a safe house for children who are abused, neglected or abandoned. Our goal in 2nd Mile Missions is to continue providing opportunities for children to grow spiritually and academically so we can help them break the cycle of poverty in their world.

Destiny Rescue is an internationally recognized, Christian based, non-profit organization dedicated to rescuing children from human trafficking and sexual exploitation. We help rescue the sexually exploited and enslaved, restore the abused, protect the vulnerable, empower the poor and are a voice for those that can't speak up for themselves.

We currently operate our various programs in six nations:

Thailand, Cambodia, Laos, Myanmar (Burma), India and Mozambique. We also have offices in two donor nations: United States and Australia.

Our efforts are making a huge difference, too. We've rescued hundreds of children enslaved around the world, helped keep hundreds more from entering the sex-trade through our various prevention programs, ensured justice for those that have been

wronged and have raised awareness to untold numbers. And, we'll continue to expand to help reach even more children in the days ahead!

Destiny Rescue realizes that human trafficking is a big problem globally with up to 27 million men, women and children enslaved in its deadly grip today.¹ With that said, we're determined to respond to God's call to set captives free worldwide. As long as children are being sold into the sex-trade, and poverty that drives at-risk children into prostitution exists, Destiny Rescue will be fully committed to fighting for their freedom, restoration and offering them a chance to dream again.

kairosindiana.org

The mission of the Kairos Prison Ministry is to share the transforming love and forgiveness of Jesus Christ to impact the hearts and lives of incarcerated men,

women and youth, as well as their families, to become loving and productive citizens of their communities. Kairos Prison Ministry is modeled after the Cursillo Movement, The Great Banquet and Walk to Emmaus. The local Kairos Team consists of 40 volunteers from N. Indiana and S. Michigan, 8 of which are here in Kosciusko County. We serve at the Indiana State Prison in Michigan City. The team enters into the Prison twice a year to serve 36 guests. The 3 day weekend is a life changing experience for all of us.

We return to the Prison monthly for a Kairos alumni reunion held in the Chapel. Over 700 inmates at ISP have been served. Population at ISP is 2,200 today. Our goal is to serve all those who want to receive the Kairos Experience which is now a long waiting list. As a result of the Kairos experience there are now

small group Bible Studies and prayer groups inside the Prison. The State of Indiana has fully supported the Kairos program in all 13 state institutions. The rate of offenders re-entering prison has been reduced as a result of Kairos inside the prisons. Kairos of Indiana - 'Kairos Torch' serves with the incarcerated youth. We also serve on the outside of prison the wives, mothers, girlfriends and children. 'Kairos Outside'. These are similar programs to the Kairos Inside. Kairos of Indiana welcomes your prayers. Isaiah 11 strives to provide hope and healing for people who are struggling with a variety of life issues including various trauma experiences, special needs, foster care and adoption, school problems and relationship issues. We also provide safe refuge for animals who have been abused, neglected or abandoned. By allowing the people and animals to minister to one another both grow on the path toward trust and wholeness. We also provide attachment based therapy including Theraplay activities and Equine Assisted Psychotherapy. Isaiah 11 also welcomes those with special needs and their case workers from other agencies as a place to interact with the animals and volunteer. We also serve as an option for those who are required to do community service. Isaiah 11 currently offers two groups for children and is starting a support group for victims of sexual assault.

www.joes-kids.org

Joe's Kids is a non-profit clinic in Warsaw, Indiana that provides physical, occupational, and speech therapy to special kids with special needs in our hometown. We provide care to children with a wide variety of diagnosis, including: cerebral palsy, stroke, Down Syndrome, and many other genetic and developmental disorders.

Started in 2014, Joe's Kids is led by executive director, Rebecca Bazzoni, MS,PT. In Rebecca's words, "I believe real courage comes from God when we trust in Him as we face something new and maybe even a little scary. The children I work with remind me every day of what courage is as they tackle new challenges and conquer them!"

At Joe's Kids, we have the special privilege to care for our community's special children, who otherwise would suffer further delays in their personal development, ultimately leading to a lower quality of life for themselves and their families. If you feel so led, please consider Joining Our Effort to support Joe's Kids.

water for good

Water for Good provides access to clean water, demonstrates God's love, and makes a lasting improvement in people's lives in one of the world's most neglected countries, the Central African Republic (CAR).

In our 10 years our teams have drilled 549 new wells. And

the new wells are just the beginning! We stay engaged with communities over the long-term. Real transformation happens when the water keeps flowing, year after year. So, our teams not only drill new wells, but provide regular well maintenance visits to keep the water flowing—for good. Through these visits, we build relationships with communities and work with them to initiate projects in agriculture that will make the community more prosperous and empowered over the long-term. In all of our efforts, Water for Good empowers a local staff of 100 skilled and dedicated Central Africans to complete all the projects with the support of 10 US/International staff. Mission Statement : Water for Good works collaboratively, in long-term partnership, with communities in Central Africa, empowering people with sustainable access to clean water, transformational sanitation principles, and improved agricultural resources.
